

POSITION	Clinician (RACF) *Residential Aged Care Facility	STATUS	Full Time or Part time
REPORTS TO	Clinical and Program Lead Elder Services	LOCATION	Outreach service delivery (Mornington Peninsula)
VISION AND STRATEGIC GOALS			
<p>Better Place Australia has a vision of “An Australia where all people experience positive relationships, truly value each and live safer, more confident lives”. As a community focused not-for-profit organisation with an ever-growing range of psychological and community support services, Better Place Australia is taking a leadership role in the provision of high-quality, effective services for a wide range of community groups across 25 locations in Victoria.</p>			
PURPOSE OF ROLE			
<p>The prevalence of mental illness is higher amongst residents of RACFs than it is for the general population, however Mental Health Services are not routinely available. Where mental illness is diagnosed in residential aged care residents, the most likely intervention is the prescription of medication despite their known side effects and the risk of drug-disease interactions which are more common in the elderly. Research evidence suggests that there are a range of non-pharmacological psychosocial interventions that are effective alternatives to the prescription of medication for the treatment of mental illness in frail aged people living in residential care facilities.</p> <p>There are currently significant barriers for residents in RACFs accessing mental health services. To address this, the Commonwealth Government has provided funding through the South Eastern Melbourne Primary Health Network (SEMPHN) to provide Psychological Services in RACFs in the Mornington Peninsula region of Melbourne . The position holder will deliver therapeutic interventions for residents of aged care facilities experiencing low-moderate depression and anxiety.</p>			
WORK PERFORMED			
<p>Direct Client Service</p> <ul style="list-style-type: none"> • Determine client eligibility for service delivery • Provide psychological evidence-based assessment (including risk assessment), clinical intervention, and psychoeducation and use of appropriate tools including K 10, UCLA3, SMME, GDS • Provide psychological services to clients by Video , phone or face to face affected and impacted by mental illness including: <ul style="list-style-type: none"> - Provision of treatment by way of individual sessions; - Reviewing the outcomes of sessions, supports and strategies; - Referral of clients to alternative support services as and where required; - Liaising with project team and group facilitator, contributing to group sessions where appropriate. • Liaise with referring agencies and/or health professionals (e.g. Medical Practitioner/GPs) regarding assessment, treatment and progress • Create referral pathways between Better Place Australia and referring agencies <p>Community Liaison and Networking</p> <ul style="list-style-type: none"> • Establish and maintain contact with relevant community service organisations, departments, and individuals as appropriate
